

The Sword in the Stone

Genre: Short Story

Legend says that only the future King of England will be able to pull the sword from the anvil in the stone. Arthur, a young squire, shocks everyone when he finds the sword and pulls it free. After taking the throne, Arthur makes changes that promote peace and prosperity.

Was There a Real King Arthur?

Genre: Historical Analysis

This historical analysis examines whether King Arthur really existed. Although archaeologists have discovered objects possibly linked to King Arthur's existence, and historical texts make reference to him, the truth remains a mystery. Still, people want to believe Arthur was real.
